

Mercedes-Benz CL500 C215

Description

This car is simply as good as it gets when it comes to a 15 year old Mercedes Benz. This literally won the concours the Mercedes car club holds each year being a 2002 CL500 Coupe with only 57,000 klms since new and literally a 9.9 out of 10. Perfect log books from Mercedes, receipts, stunning alloy wheels from the factory and Zircon silver with grey leather interior really make this one of the most desirable pillarless coupes we have ever come across. The wood grain interior, wooden steering wheel, the tyres are like new and the paint, dash, headlights, leather and door trims are all perfect. What a superb example this is and you really have to come in and see this car in person. It’s that good and is registered until March 2019. This is a car you could confidently purchase over the phone and we are so so proud to be able to offer it for sale to you. One of our two in-house mechanics will still have a very good look over this car before it goes to the new owner. We look forward to meeting you one day soon.
