

Citroen C5 X7 MY14

Description

This stunning 2015 Citroen C5 HDi 16 Valve turbo diesel hatch was first registered in late 2015 and has only travelled a mere 52,000 klms since new with a fabulous dealer service history that is up to date. In fact we believe this car has been a country car upon first inspection and is a very clean car indeed. This model is the newer updated series with the LED daytime running lights, factory wide screen navigation, sun roof and so much more. These cars look so good in this colour combination which is the very nice charcoal with the pale grey leather interior and this particular car has loads of options. From electric seats with heating, parking sensors, blue tooth, alloy wheels, dual zone climate control air conditioning, air bags galore and really overall is in very clean, original condition from what looks like one owner in the log books. These cars are excellent value for money and this one arrived here in very late 2015 from France. They use up very little diesel, are so comfortable to drive and actually the top part of the seat above the shoulders is adjustable electronically like a Range Rover which is a lovely option. Good tyres, registered in NSW until December 2018 and this is a car we are very proud of and look forward to showing you in person at our dealership. We also have two in-house full time mechanics who will very thoroughly go over this car prior to it being sold.
