– power seats on the doors
– the fastback saloon styling is second to none
– this is a one owner country car that has been maintained meticulously
– remote locking
– climate control air conditioning
– enormous power from the large 2.7 litre HDi engine that has loads of torque
– these are fast becoming very sought after cars by collectors
– NSW registration until May 2021
– The C6 was the first car to obtain four stars in the pedestrian test rating of EuroNCAP, due to the inventive design, where the bonnet pops up a little if a person/animal is hit, thus increasing the gap between the deformable bonnet, and the non deformable engine components below.

– we are extremely thorough about the sort of cars we buy and go over them with a fine- tooth comb.
– this car will be mechanically checked over and receive a NSW roadworthy permit
– we are so excited to show you this fine example and look forward to meeting you in person one day soon
