

Mercedes-Benz 400SE W140

Description

With 210 kW and 410 Nm of torque the 1992 Mercedes Benz 400SE W140 series was and still is today one of the most impressive motor cars value for money wise. With over $1 billion spent on the introduction of this series the S-Class of this era was fitted with things like double glazed window glass, self closing doors, extendable rear parking aids and so much more. This midnight blue with pale grey 400SE is an exceptionally good car and is about to go to our mechanic for a complete check over. 280K in 26 years isn't a great deal for one of these cars and the previous mature owners are previous clients of ours and look after their cars very well. This is a seriously clean car with service records, climate control air conditioning, air bags galore and a cruise control and speed limiter. NSW registration until January 2019 and in one of the most sought after colour combinations by far. Please take out the time to come and see this gorgeous car which at this price point is a very good buy.

The Oldtimer Centre® is located at 29-31 Antoine Street, Rydalmere, NSW 2116.

* located 15 minutes from Sydney Airport with plenty of off-street parking
* very passionate expert staff have over 24 years of experience
