

Mercedes-Benz CLK280 C209 MY08

Description

In 2009 this was the very last and the very bets of the CLK280 Avantgarde AMG Sport editions and was known as the update series which gave it a whole new front end, better 7-speed gearbox and the 3.0 litre V6 engine from Benz. This stunning example has only travelled 30,000 genuine klms since new and is just lovely in every regard. It’s the very nice Zircon silver with full black leather interior and being an Avantgarde Sport it has the better interior with stainless steel inserts, a factory sun roof, blue tooth ready, cruise control, paddle shift transmission, dual zone climate control air conditioning and a nicer set of factory AMG alloy wheels. Sportier seats, pneumatic air controllers in the sides of the chairs, air conditioned and heated seats; there are just some Mercs that you can tell from 10 feet away a lot about the previous owner and how the car has been looked after. This car is screaming out that all the boxes have been ticked and it’s a superb vehicle what ever way you look at it. We wait a long time for cars like this to pop up and very much hope you can come to our dealership in person to view the car for yourself as the photos can’t do a car like this justice. We look forward to meeting you soon. NSW registration until March 2018.
