

Mercedes-Benz CLK500 A209

Description

We sell so many of this W209 series 2004 Mercedes Benz CLK500 Convertibles and this 04 CLK500 Elegance is literally one of the best examples we have seen in years with a staggeringly low 104,000 klms from new with a very good service history from new. In Zircon Silver with charcoal/black leather interior, log books which are both from Mercedes Benz and specialists since new, electric soft top, AMG factory alloy wheels and like with all Elegance models it has wood grain inserts throughout. This car is basically unmarked and drives so well that you must try to come in and see for yourself just how spectacular it is. We are sending it this week to a Merc specialist for a final check over to make sure everything is in order such as oil leaks, engine mounts etc which are common in this model to need repairs. From the pristine interior, headlining, door trims, dash to the shiny paintwork that looks like it’s been garaged since the day it was new. Registered in NSW until March 2019 we can’t wait to take you for a drive in this very original 2004 Merc.
