## Description

In 2009 when this stunning Jaguar XF came out it was around \$90K and here today we are so proud to say that it's in immaculate condition without any scratches, marks, dents or interior wear. 49,000 klms is nothing for a 9-year-old 2.7 litre twin-turbo charged diesel engine especially considering it's had every service done by either a Jaguar dealership or a specialist. It is registered in NSW and the pale metallic silver with cream leather interior looks simply stunning in every light. The car just stands up and smiles at you and has so many amazing features. From the lovely alloy wheels, wood grain interior, cruise control, factory satellite navigation, reversing camera and dual zone climate control air conditioning. We sell loads of Jaguars and are becoming so fussy about how we source and prepare these cars and have to make certain they are excellent both mechanically and cosmetically which this car certainly is. Please take the time to come and see this gorgeous Jaguar in person and be as impressed as we were when we first saw it.

Here at the Oldtimer Centre® we are located at 101-103 Illawarra Road, Marrickville NSW 2204. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties
