

Mercedes-Benz E280 W211 MY07

Description

This 2006 update Mercedes Benz E280 Elegance sedan has only travelled 100,000 klms since new and it is in such lovely condition. Zircon silver with the darker grey leather interior looks superb and the car is fitted with so many great options such as being blue tooth ready, Elegance alloy wheels, electric seats, a sun roof and cruise control. The interior of the car still smells new and the dash, seats, carpets, wood grain and door trims don’t have any marks on them. This is a well looked after Merc at a very sensible price. It actually has the more modern V6 engine with the 7 speed automatic gearbox which is very important. Log books are up to date and thank you to the previous owner for keeping it in such good nick. We will actually be performing a service on the car prior to it being sold and it’s only just had 6 months NSW rego added on taking it to September 2018.
