

Volvo XC60 DZ MY10

Description

What an amazing car these 2010 Volvo XC60 D5's are and they are loaded with so many great options as well as being an all wheel drive. The more modern design not only looks better than the Volvo's a few years before but they are so much more advanced in every way. This car has such a nice feel about it and was a one owner by looking at the books and we think it has always been garaged. The AWD all wheel drive D5 has reversing camera and parking sensors, the leather has the piping around the outside and the Navigation system, as well as alloy wheels are just some of the fabulous features of this model – it even has a remote control. The medium blue with black leather looks great and this car doesn't have the feel like it's been loaded with children eating lollies all day. Tow package, 3 keys, an up to date dealership service history, NSW registration until July 2018 make this D5 is a very fine example indeed.
