

Volvo XC70 MY10

Description

This automatic Volvo XC70 D5 with only 102,000 klms is the very desirable turbo diesel all wheel drive wagon from 2010 which is the newer body style and we love selling them as they are so much better than their predecessor. They really do have it all from parking sensors, full leather interior, alloy wheels, dual zone climate control air conditioning. In the stunning champagne metallic with the charcoal grey leather interior this also has to be one of the best colour combinations you could hope for. We are very fussy about the condition of Volvos we sell and this one has a good service history which is of the utmost importance. This car is a very rare model if you look on the Internet as they all sell so quickly. What a great package from Volvo and we very much look forward to showing you this car in person.
