

Alfa Romeo Brera

Description

This stunning Alfa Romeo Brera from 2007 really does have it all. It looks brilliant in the very striking blue with two-tone black leather interior, has a factory panoramic sun roof, lovely Alfa alloy wheels and is the very perky 2.2 litre engine with the 6 speed manual transmission. With only 78,000 klms since 2007 and perfectly serviced by Alfa dealers/specialists this has has 2 remote control keys and from new it has been pampered from what we are told by the previous owner. The car drives so well and is registered in NSW until July 2018. These have electric lumbar support on the seats in the front, a fabulous sound system with blue tooth for your phone, parking sensors, cruise control, dual zone climate control ait conditioning and so much more – what an amazing looking car that drives equally as good as it looks.

Over the holiday period we will be closed from Sunday the 24th of December 2017 until Wednesday the 3rd of January 2018.

Inspections can be arranged by appointment during this time however, please understand that we are very firm on our prices and appointments can be made only if we are available to come in. Please only contact us if you are genuinely interested in buying a car over the holiday period and ready to buy thank you.
