

Audi A4 B7

Description

This stunning 2009 Audi A4 B7 S-Line Cabriolet has only travelled 84,000 klms and has the very desirable 2.0 litre TFSi engine and it’s medium metallic grey with black leather seats. The electric soft top is in superb original condition and works a treat. It has a full servicing history/spare keys included and has just been to a mechanic here in Sydney to make sure everything checks out fine, which it did. The alloy wheels are S-Line style and are factory, the condition of the car overall is lovely and this is a car that should hopefully be able to retain it’s resale value very well for a very long time. These are loaded with great features from colour coded bumpers, cruise control, climate control air conditioning, proper leather interior and hopefully a great resale value. What a car being a full 4-seater convertible with such low klms and in such immaculate condition and with NSW registration until June 2018
