

Audi A4 B8 8K MY11

Description

This stunning 2012 compliance plate black on black 2.0 litre 132 kW 2012 Audi A4 has only travelled a mere 47,000 klms since new and has the newer LED lights on the front. It’s in immaculate, original condition and has been pampered from what we can tell. We see a lot of this series and have become quite fussy about what we keep for sale. The car is very well optioned and has the desirable factory sunroof, navigation, and the very economic and powerful 4 cylinder turbo charged engine that Audi are so well known for. This is by far the most popular colour combination and being a 2012 should hold its value very well moving forwards. In this industry it’s all about lowest klms and the best colours in second hand car and we hope you agree that this car certainly ticks a lot of boxes. We look forward to meeting you in person one day soon.
