

Audi A5 MY10

Description

This stunning 2009 Audi A5 2.0 TFSi Quattro convertible has only travelled 43,900 klms since new and is the very desirable metallic black with black leather interior. It has a gorgeous set of 18? Audi factory alloy wheels, front and rear parking sensors, rear camera, navigation, xenon headlights, woodgrain trim, on-board computer with bluetooth as well. This car also comes with a full log book service history from new and we have two very good full-time mechanics who work for us and go over these cars thoroughly prior to them being sold. The 2 door Cabriolet has loads of room not only in the back but also in the boot area too. It’s such a tight car to drive and really doesn’t require any money to be spent on it for sale. We hope that you agree that this is very good value for money being a Quatrro in black with such low mileage. We very much look forward to meeting you in person at our Sydney based showroom one day soon.

Here at the Oldtimer Centre® we are located at 29-31 Antoine Street, Rydalmere, NSW 2116. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate
