

Audi A6 4F

## Description

What a stunning example of the 2007 new shape Audi A6 3.0 TDi S-Line turbo Quattro diesel wagon with 164,000 klms and the S-Line package and with every single service being carried out by the Audi dealer and a couple of specialists too. Originally sold new in England and arrived in Australia in 2009 there is really very little difference with a locally sold car. It’s a lovely vehicle all round in a light metallic grey with black leather interior and is just one of those cars that you either look at from the outside or sit inside the car and you immediately know it’s been treated like a baby. It has factory navigation which works perfectly in Australia and is registered here in NSW until November 2018. It was recently traded in on a newer car and we’re lucky enough to be offering it for sale from our showrooms where we sell a lot of Audi’s. This really is the pick of this newer shape with loads of power and torque from the diesel engine and such good fuel efficiency too. These wagons are very rare and are loaded with all the great features and have electric seats, dual zone climate control air conditioning, alloy wheels, cruise control and so much more. We’re so proud of this awesome Audi A6 which has only travelled around 15,000 klms per year which is very normal.

The Oldtimer Centre® is located at 29-31 Antoine Street, Rydalmere, NSW 2116.
