

Audi Q3 8U MY18

Description

This is basically a near new car that the owner has been unable to use having been overseas. It’s a late 2017 but an MY18 Audi Q3 TFSi with only 2,750 klms since new and obviously loads of new car warranty left. It has a full 12 months registration, unmarked in every aspect and is the most popular colour combination being black with black interior. These 1.4 litre turbo charged engines are unbelievable to drive and have loads of power without using up a great deal of fuel. Having this balance of new car warranty there should be no difference in buying from us as opposed to your local Audi dealership. It has some excellent features too from the aluminium satellite inlays, the popular Technik pack which gets you a Xenon lights, high gloss package, larger 18? Audi factory 5 twin spoke alloy wheels, upgraded sound package with bluetooth as well. We sell a lot of used Audi’s and it’s a pleasure to see something like this which is literally in “as new” condition. We look forward to meeting you in person and showing you this awesome car.
