Description

This stunning 2013 Audi Q5 2.0 TFSi with 32,000 klms since new (one owner) has been fully serviced up to date and has both original keys as well as the wallet key. A car that has seen the Audi dealer and a specialist since new is in the most immaculate condition you could hope for – it literally still smells like a new car. With factory blue tooth, parking sensors and keyless entry features, the colour is a very stylish white with black leather interior and you can just tell from sitting in this Q5 that it's been perfectly looked after. It has alloy wheels and drives perfectly. This is one of those cars that you need to come in to our dealership and have a drive of to fully appreciate just how good it is. We therefore hope you agree that this represents excellent value for money and we also have two full time mechanics who will have a very thorough look over this car prior to it being sold.
