

Audi Q7

Description

This 2006 Audi Q7 3.6 V6 FSi petrol Quattro 4WD has travelled only 110,000 klms since new and has a service history. It has the alloy wheels, satellite navigation, panoramic sunroof, reverse camera, and bluetooth. Metallic black with black leather is by far the most sought after colour combination, it has the very powerful V6 engine without the fuel consumption of the larger V8 and still drives very well, this car came from a Sydney dealer as a trade in and we have sent it to an Audi specialist to get a few items attended to for sale. It is in very good condition compared with other Q7's with half the klms, it is nice and tight to drive still with all dials and buttons inside the car in very good order. We look forward to meeting you in person and taking you on a very nice test drive from our showroom soon hopefully. We will also have our full-time in house mechanic have a very thorough look over this Q7 which is a stunning metallic black with black leather trim. This Audi Q7 has 5 seats not 7 seats.
