Audi Q7 MY11

Description

2011 Audi Q7 update series S-Line in black with black leather interior and the very popular 3.0 TDi engine. It has 96,000 klms since new, has only just been to Audi for a service, it has a log book and drives very well. With a very fussy owner, this is a very good car all round with some great features like reverse camera, rear air conditioning controls, navigation and bluetooth. The turbo diesel 3.0 litre engine is super fuel efficient but has loads of power. This is by far the best colour combination and is registered in NSW until October 2018. With Q7's there are a lot of very average cars on the market so we need to be very fussy when we source our stock; this being a great example. Being an S-Line they look so much better and have a lot of great extras. This one being a 7-seater is one of the most important options when buying a Q7 and we look forward to seeing you one day soon for a test drive.
