

Audi S5 8T MY10

Description

This stunning 2010 Audi S5 Sportback sedan has travelled a very sensible 75,000 klms since new with an up to date Audi dealership service history from new. The S5 is the very popular metallic silver with black leather interior. $3,000.00 Bang and Olufsen sounds was an awesome option too which this car has as well as a factory sun roof and keyless start and entry. This S5 has the very sharp and spritely 3.0 supercharged engine which is not only very fuel efficient but it just loves to be driven. Unlike a lot of the old S-series Audi's which had a 4.2 litre V8 this car does not feel heavy at all to drive but with the awesome Quattro all wheel drive system handles like it is on rails. The colour really suits this car and we hope it will hold it's value very well moving forwards/ Pirelli tyres and we are about to have the car fully serviced and checked over by an Audi specialist. Registered here in NSW until December 2018 this really is a superb example of this model and we would be very proud to take you on an exhilarating test drive soon.
