Audi TT MY2005

Description

This gorgeous 2005 Audi TT 3.2 litre Quattro coupe has only travelled 100,000 klms since 05 and has a good service history from new. It's automatic and even has factory navigation which is actually built in to the instrument cluster where the speedo sits as opposed to a big screen in the centre of the dash. Silver with black leather these 2-doors are so rare with this engine that we are very confident it's priced well and should see someone a lot of fun and happy years of motoring. It has loads of NSW registration until February 2018, the paint is superb and this is a car you need to come in to our dealership to fully appreciate. Recently traded in on a brand new car in Sydney we hope you have the time to come in and see just how good it is.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent

company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
