Bentley Continental 3W

Description

This was the fastest four door production car in 2006 and is still a very impressive car in every sense of the word. This Continental Flying Spur sedan originally from Queensland and then Victoria has been serviced by a Bentley dealership every single time and has only travelled 105,000 klms since new. It's Australian delivered and it's 6.0 litre V12 still runs perfectly and the gearbox is silky smooth. Metallic green with tan leather interior is a real 'Bentley' colour combination and looks stunning. It has factory satellite navigation, parking sensors front and rear, heated and air conditioned electric seats with memory, self-closing doors, keyless entry, keyless start feature and so much more. These cars were over \$350K when new and this car is in 'mint' condition to suit the fussiest of buyers. We are so fussy about what we sell and need to be certain that our stock ticks all of the boxes. Please consider this car seriously if you have been looking for a very special Flying Spur then this is the car for you. We have two full-time mechanics who will have a very careful look over this car prior to it being sold and as far as we can tell everything works perfectly.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale.

We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
