

BMW 320i E91 MY10

Description

This stunning and very rare 2009 updated body BMW 320i Touring wagon is a very good car with very low kilometers for it’s age at 75,000 since 2009. This newer series has the more modern bonnet with the slight lines in it and a whole lot of upgrades from the previous 06-08’s and in metallic silver with a black leather interior it has to be one of the best colour combinations on the market. Service books are present, alloy wheels, climate control air conditioning, ABS, full leather interior and the car presents very well overall. Whenever we sell these wagons they seem to sell pretty quickly and this is a very clean example indeed. We are very proud of this car and think it’s very well priced for it’s age, condition and mileage. It’s also registered here in NSW until June 2019 and please take the time to come in to our dealership for a test drive one day soon.
