Another superb 2005 newer shape BMW 325i E90 sedan with only 90,000 klms since new and a good log book service history from new. It's a very nice dark charcoal grey with light cream leather interior and has a factory sun roof, BMW alloy wheels, navigation, spare keys and is in the most immaculate, original condition you could hope for. Even the steering wheel still feels just as new as you could hope it could be for a 10 year old car. These 2.5 litre 6 cylinder engines are far better and more reliable than the smaller 4 cylinder cars as they don't strain to push around such a heavy body. This car should hopefully continue to hold it's value and we very much look forward to meeting you in person to take you on a nice test drive.
