

BMW 740Li F02

Description

You could easily be forgiven in mistaking this stunning 2009 BMW 740Li for a current model and a very new car, having only recently been replaced by a new model in the last 12 months. Our example, that we are thrilled to offer is finished in Silver over dark grey interior and represents an incredible saving over the $200k new sticker price. An endless list of features make this BMW range topping marque a truly superb luxury limousine; BMW Dynamic Xenon headlights, Parking guidance system, Quad-zone climate control air conditioning, Power seats with memory, heating and cooling, updated BMW I-drive multimedia interface and navigation to just name but a few. The turbo inter-cooled 3.0 6 cylinder offers effortless cruising performance and returns far superior fuel economy to the V8 counterparts with the ability to rake up much higher mileage. With all the log books and servicing up to date which indicate a well cared for motor car, 2 master keys and immaculate presentation we really feel this 7-Series definitely has to be considered. Why go out a buy a brand new 3 series when you can have the best of the best for the same kind of money? Silky smooth 6 speed automatic make this a very comfortable cruiser and safety, practicality and prestige of the highest standard. Having already taken it’s large depreciation hit the 740Li would have to be one of the best prospects in it’s class on the pre-owned market, we do not expect it to last long.
