

BMW 750Li E66

Description

Another stunning dark blue with cream leather update series 2005 BMW 750Li long wheel base sedan in the very popular dark metallic blue with cream leather trim and only 108,000 klms with a very good log book service history from new. Recently traded in on a new car in Melbourne we have to be very fussy about buying any 7-series as there are so many things to look for. We are very proud to say that this 750Li is not only a very original car but all those little things seem to be perfect on this one. From the switches and dials inside, to the unmarked headlights, good tyres and alloy wheels that have not seen the gutters of Sydney. The long wheel base V8 was certainly the flagship here in Australia and this really does represent excellent value for money considering it’s only 10 years old. What a credit to the previous owner and we very much look forward to showing you this beautiful car in person at our Sydney showroom soon.

Here at the Oldtimer Centre® we are located at 29-31 Antoine Street, Rydalmere, NSW 2116. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate
