BMW M5 E60

Description

This 2006 BMW M5 E60 V10 5.0 litre 7-speed SMG sedan is quite simply one of the best engineered cars to come out of Europe in the past 15 years. It still looks and drives like a \$200K plus motor car and what a stunning colour combination it is; Indianapolis Red Metallic with cream perforated sports leather seats. These chairs are adjustable in so many ways, have air conditioning in the seats as well as heating too. The tyres, wheel condition, interior, original paint, no dents, no scratches, no previous smokers and a full log book history from new with spare keys. We are very proud of this car and can't wait to show you in person just how impressive it is. It has an upgraded exhaust system that the previous owner has spent thousands of dollars on and it sounds unbelievable. This car will be registered in NSW for the new owner subject to a discussion at the point of sale.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in

three indoor showrooms. Extended warranties are available from an excellent company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
