- This was the most expensive Citroen ever sold and is by far the most desirable

- remote locking

- enormous power from the large 2.7 litre HDi engine that has loads of torque
- these are fast becoming very sought after cars by collectors
- NSW registration until May 2021
- The C6 was the first car to obtain four stars in the pedestrian test rating of EuroNCAP, due to the inventive design, where the bonnet pops up a little if a person/animal is hit, thus increasing the gap between the deformable bonnet, and the non deformable engine components below.
