

Citroen DS5

Description

What a stunning 2013 Citroen DS5 Hatch with only 49,000 klms since new and it’s the SPORT edition loaded with amazing features and a very spritely turbocharged 4-cylinder engine. At just under $50,000.00 when new this car has been over serviced by a Citroen dealership which is very important and in metallic black with full black leather interior this is one of the most stunning and reliable cars to come out of Europe this decade. It has a colour navigation screen, blue tooth, reversing camera and a larger sun roof from Citroen which is divided in to 3 sections; one for the rear and the two sections in the front of the car for each person. Double glazed windows, driver’s seat massage, speed limiter, 6 air bags and this engine is also one of the more fuel efficient engines from Citroen. We are so proud to offer this awesome looking car at what we think is a very sensible asking price considering the colour, service history and options. NSW registration until July 2018.
