Daimler Double 6

Description

** Since 1994 our business has been specialising in prestige European car sales from our indoor warehouse in Sydney **

- in 1977 this Daimler Double 6 was and still is one of the most stunning cars on the road
- showing 98,000 klms since new this car has a very good service history
- they only have a 5-digit odometer incidentally but this looks, feels and smells like a very low mileage example
- the old English white with the tan leather has to be one of the smartest colour combinations
- the black vinyl roof really sets it off and it looks so smart
- owned by a very good client of ours who only buys the most incredible cars from us
- this is a true credit to those who have owned it over the years
- the power steering is silky smooth
- several keys are present
- it has long NSW registration until August 2020
- excellent amount of servicing receipts
- drives like an absolute dream
- the 5.3 litre V12 starts first time every time
- this car has been garaged and all the paint, leather, head liner and carpets look new

- we sell lots of classics and you can just tell from looking at the rubbers, under the carpets, inside the doors and overall feel just how good some cars are. We are proud to say that this car ticks every box and will hopefully provide someone with many years of enjoyable motoring in the future
- air conditioning as standard
- a very nice modern sound system with aux input too
- wheels are in mint condition as are the tyres

– we are extremely thorough about the sort of cars we buy and go over them with a fine-tooth comb.

– this car will be mechanically checked over and receive a NSW roadworthy permit

– we are so excited to show you this fine example and look forward to meeting you in person one day soon
