Ford Mustang GT

## Description

Finally we have waited years for an original 1968 Ford Mustang 390 GT 4-speed manual BULLITT to come in to our possession and this is simply the most pristine, original example you will come across. A serious collectors item needing nothing spent and the Steve McQueen fans will absolutely fall in love with this classic icon when they see it. Simply one of the best sounding V8 engines to come out of the Ford factory, Highland Green is the original colour and the fact that it's a left hand drive makes it even more desirable for the proper enthusiast.

Some years ago a business on the East Coast of the USA that only specialises in Mustang restorations performed a complete but and bolt on this Fastback GT and left nothing out. Everything down to the gaskets were new and it certainly shows.

It even has power steering and a reversing camera. We will register this car in NSW for a successful buyer and cannot wait to show it to you in person. It truly is an unbelievable car and in our opinion is priced very well based on what this would have cost someone to restore.

Here at the Oldtimer Centre® we are located at 101-103 Illawarra Road, Marrickville NSW 2204. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in

Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office.
