Land Rover Range Rover 03MY

Description

This 2002 Australian delivered Range Rover HSE MY03 has the desirable V6 turbo diesel engine and has travelled some country miles since new. It has travelled just over 20,000 klms per year which actually is pretty normal as per the NRMA's driving averages. The body work has a few marks as you would expect but this is certainly worth a look for just over \$10K. We sell a lot of Range Rovers and are very fussy about them mechanically and this car certainly shines in that department. In fact we would much prefer a big tank than has been driven up and down a freeway as opposed to Sydney's speed humps and roundabouts! Please consider this car seriously as most of these higher klm examples are a lot worse than this one. It is registered here in NSW until October 2018 which is a very nice bonus.

Here at the Oldtimer Centre® we are located at 101-103 Illawarra Road, Marrickville NSW 2204. Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only

10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent company and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
