Description

What superb value for money this 2008 update series Range Rover SPORT TDV6 4WD is with just over 166,000 klms and has Rangey alloy wheels and a very complete service history from new. This is a car that we were selling last year for almost $40K and in white with cream leather we are certainly very proud of what we are offering here today from our Sydney based showroom. Service receipts and log books, This is one of those cars you need to come in to our dealership and have a test drive of to get a good feel of just how tight it is and we have just sent it to a Range Rover specialist to get the tick of approval. They are loaded with some great features from cruise control, dual zone climate control air conditioning, remote locking, and this one just has such a nice feel about it. We are pretty fussy about how we prepare our cars and this one will be thoroughly looked over and detailed prior to sale; we even just bought a set of brand new wheels and tyres for this car and we very much look forward to meeting you and taking you for a nice test drive soon.
