Lexus CT200h ZWA10R

Description

At around \$50,000 when new in 2012 this Lexus CT200h Presitge has only travelled 90,000 klms since new and is a lovely arctic white grey velour trim. This car has some very important options when considering it such as climate control air conditioning, agenuine set of Lexus alloy wheels, and will be registered here in NSW for the successful buyer and is unmarked in every regard. The very fussy owner has only just traded this lovely car in on another prestige car and we are so proud to trade and offer cars like this from our dealership here in Sydney. These cars officially consume 4.1 litres per 100 klms of fuel and being a prestige series this is excellent value for money and has a push-button start, cruise control and hill-start assist. We very much look forward to showing off this stunning example to you in person one day soon.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don't buy our cars from auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent

company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
