Lexus CT200h ZWA10R

Description

At over \$50,000 when new in 2011, this Lexus CT200h Luxury has only travelled 46,000 klms since new and is a lovely silver blue metallic colour with black leather trim. This car has some very important options when considering it such as factory navigation, reverse camera, heated seats in the front, electric seats, wood grain, full leather interior, dual zone climate control air conditioning, registration in NSW until February 2018 and is unmarked in every regard. The very fussy owner has only just traded this lovely car in on a new car and we are so proud to trade and offer cars like this from our dealership here in Sydney. These cars officially consume 4.1 litres per 100 klms of fuel and being a sports luxury you get the absolute top of the range in this series and hopefully a very good resale value moving forwards. 16-inch alloy wheels, heated mirrors, six-speaker audio with CD player, USB and 3.5mm auxiliary jack, leather steering wheel, push-button start, cruise control and hill-start assist. We very much look forward to showing off this stunning example to you in person one day soon. It has a full service history and it also has a factory sun roof, sports mode where the dash lights up red and even an economical driving mode above and beyond the normal great fuel economy of this Hybrid engine.
