

Lexus GS350 GRL10R

Description

What amazing value for money this car is. A new shape 2012 Lexus GS350 Luxury sedan with a full and up to date Lexus dealership servicing history from new. It’s travelled just under 400 klms per week and has so much going for it. The colour is a stunning champagne with cream leather, it has a factory sun roof, keyless start and entry, heated and cooled seats, reversing camera and so much more being a Lexus. Lexus has increased the structural integrity of the GS by 14 per cent over the outgoing model, blending in all-new suspension – now a multi-link setup at the rear – and electric steering.
All of the major components, most of which are electric in some way or another, are entwined in what Lexus calls Vehicle Dynamics Integrated Management (VDIM). This means every aspect of the car is communicating with the other. 0-100 kph in just 6 seconds, huge screen, Lexus remote Touch toggle to navigate around the screen, 12 air bags, and in SPORT mode this car really does transform into a totally different car to drive.

With NSW registration until December 2018 this is a sensational package and we can’t wait to show you in person one day soon.

We love selling Lexus as very little goes wrong with them and they hold their value extremely well.
