Lexus LS430 – Updated Series – Only 105,000 km – \$29,950

An exceptional example of the legendary Lexus LS430, finished in sophisticated charcoal metallic grey with matching grey leather interior and travelled an extraordinarily low 105,000 kilometres since new.

This is the updated LS430, featuring the substantially revised styling introduced in late 2003. The facelift brought a sharper and more contemporary front end with revised headlights, grille and bumper, together with revised rear styling and numerous improvements throughout the car.

These later cars have become particularly sought after and, in our opinion, are the LS430 to own. The updated styling has aged beautifully and gives the car a noticeably more modern appearance, while generally making the facelift model more desirable in the enthusiast market.

Under the bonnet is Lexus' magnificent 4.3-litre 3UZ-FE quad-cam V8, producing approximately 207kW and 417Nm. Exceptionally smooth, quiet and effortless, this engine is one of the reasons the LS430 has developed such an enviable reputation for longevity and refinement.

Exceptionally well equipped with:

Full grey leather upholstery

Electrically adjustable front seats with memory

Heated front seats

Electric steering column with memory/easy entry

Premium Mark Levinson sound system

Multi-function steering wheel

Colour information display

Dual-zone climate control

Cruise control

Front and rear parking assistance

Electric sunroof

Electric rear sunshade

Rear passenger comfort features

18-inch alloy wheels

Xenon headlights

Rain-sensing wipers

Multiple airbags

ABS, traction and stability control

Lexus Smart Key technology

The LS430 was Lexus at its absolute best – engineered as the company's flagship luxury sedan and built with a level of refinement and attention to detail that made it a genuine alternative to the Mercedes-Benz S-Class and BMW 7 Series.

At this age, condition, history and kilometres are everything, which is what makes this car particularly special. Finding an LS430 showing only 105,000 kilometres in such a beautiful and understated colour combination is becoming increasingly difficult.

The facelift LS430 is also increasingly appreciated by enthusiasts as one of the great naturally aspirated Japanese luxury cars – wonderfully quiet, beautifully built and powered by an exceptionally smooth V8.

Charcoal metallic with grey leather, updated styling and only 105,000 km since new.

A superb example of a modern Lexus classic.
