

Mazda MX-5 NC30F1 MY07

Description

In 2006 when this more modern shape Mazda MX-5 soft top convertible came out it not only looked superb but you can tell it was a very sensible upgrade from the older models; they really are one of the best 2 door sports roadsters in the world today. This one has travelled a ridiculously low 37,000 klms since new, is 6-speed manual and the silver with the black interior has to be one of the best colour combinations by far. The car has log books, it’s previous owner was a very fussy guy and finding good, original MX-5’s are becoming very hard and we are very proud to show you this immaculate car in person and hope you will enjoy a nice test drive here in Sydney. Air conditioning, power steering are standard and this car has NSW registration until March 2018. A fabulous little car at what we think is a very sensible asking price considering the mileage.
