**– One owner from new!! 1972 Mercedes Benz 300 SEL 6.3**

This car is a very rare survivor from single long term family ownership. Its condition has to be seen to appreciate its quality. It has only ever been registered once in a company controlled by the Searle family. Trucking and car racing were the family pillars. So the extensive service records confirm car and attention to the car. Stewardship passing from Wes Searle to his son Ron. The car then sat for many years after Ron passed.

Now brought back to its best, it has undergone an extensive maintenance overhaul. All the little things have been attended to. The engine bay is nothing short of amazing. Suspension has been overhauled. All the rattles from various trims inside the car were investigated and the noises attended to. The car drives like it left the factory. Power, smoothness and style combined.

The sunroof, windows and all the little features operate faultlessly. The original seatbelts are with the car but they were the non-retracting original style, which are very hard to use and not the safest things. New ones have been installed.

The later and original 300SEL 6.3 toolkit is in the car. The ultra rare original warranty card, data card and original replacement service book are available to confirm the provenance of the car.

Is this the best original 300SEL 6.3 in the country? We haven't seen one better.
