

Mercedes-Benz 450SEL W116

Description

There aren’t too many times we can use the word perfect in the car industry and there aren’t too many times there are cars that we literally don’t want to see sold but this car is getting very close. Purchased new in Australia in 1980, the 93 year old original owner was too old to drive and we actually sold this car a few years ago and it’s now up again for sale and we can’t wait to show it to you. Every single thing about this 450SEL saloon will astonish you from the immaculate leather interior, perfect headlining, sun roof seals that are not worn, headlights that are not milky, all the dials on the instruments are not all yellow from the sun and even the clock works still. The white wall tyres are like new, the alloy wheels are not marked, the boot has no moisture at all and there is no visible rust on this W116 show winner. This is quite literally the car you could take to the Mercedes Benz Concour D’Elegance and win first prize for many years. 154,000 genuine kilometers, and always serviced with the Mercedes Benz dealership from new. Please don’t waste time making non-genuine offers as we are fairly firm on our pricing as we feel this is a car that simply will not come up again. As you can imagine we are s so proud of this car and look forward to showing the fussiest of buyers this incredible Merc.
