Mercedes-Benz 500SL

Description

It's very nice to see a W107 Mercedes Benz 500SL in this sort of condition. Having been owned by an enthusiast in the Mercedes Benz car club NSW this diamond blue with navy blue leather example has travelled roughly 6,500 klms per year. It was originally sold overseas and most people brought them back to Australia around 12 months after purchase via the tourist delivery program in Europe. This model has the very desirable "dickie" seats in the rear which are excellent for kids and not available on locally sold cars.

Air conditioning, power steering, alloy wheels and a soft top and hard top in wonderful condition; in fact the soft top looks like new. The 500SL has an enormous amount of power compared to the smaller V8 in the 380SL and we are confident this bigger engine and the stunning condition of this car will help it to hold its value very well moving forwards. It even has NSW registration until the end of May 2019. We are so fussy about the sort of stock we sell and this car is a true credit to the previous owners. We look forward to meeting you in person soon and taking you for a nice drive.
