Mercedes-Benz B200 W245 MY10

Description

** Since 1994 our business has been specialising in prestige European car sales from our indoor warehouse in Sydney **

Here we have an absolutely stunning update 2010 Mercedes Benz B200 AMG sport edition that has travelled a very sensible 70,000 klms since new.

It has full leather interior, factory navigation, factory bluetooth, a perfect documented service history from its one owner from new, spare remote keys, and a beautiful colour combination. Metallic grey with cream leather, parking sensors and loads of power without costing very much to run at all. There are so many B-Classes in average condition that we simply don't buy so it's a real pleasure to find one which is not only mechanically outstanding but cosmetically a very good example. This car has been garaged by the looks of things and with just over 70K in 8 years and looked after by some great mechanics this car certainly has a long life ahead of it. It really is such an impressive car and both of our experienced full-time mechanics will have a very good look over this car prior to it being sold.

- we are extremely thorough about the sort of cars we buy and go over them with a fine- tooth comb.
- this car will be mechanically checked over and receive a NSW roadworthy permit

– we are so excited to show you this fine example and look forward to meeting you in person one day soon
