Mercedes-Benz C200 Kompressor W204

Description

Here is another superb “new shape 2007” W204 Mercedes Benz C200 Kompressor Classic pack with 65,000 klms since new including service history which is up to date. Metallic zircon silver with light grey interior, parking sensors, alloy wheels, blue tooth connectivity, colour coding around the bumpers, dual zone climate control air conditioning, remote locking and air bags. This car is registered here in NSW and has a lovely feel about it. These were only recently selling for much more than \$20K so we think this represents excellent value for money. It’s a great colour, drives perfectly as you would expect with these miles and really this shouldn’t be a car that you’re going to have to spend a lot of money on moving forwards if you continue regular servicing. We very much look forward to showing you this car in person and hope you agree that it’s condition is way above average too.

Our very passionate expert staff have over 24 years of experience in buying and selling over 5,000 prestige motor vehicles here in Sydney since 1994, we are MTA Members, and each car has a narrated 3-5 minute high definition video on our own web site. We have two in-house full time mechanics who are very experienced and personally inspect every car that we have for sale. We now offer in-house finance with extremely competitive rates and are able to finance much older cars too. Interstate transport can be arranged easily, car history reports are available upon request, we don’t buy our cars from

auction houses and we are located only 10 minutes from Sydney Airport in three indoor showrooms. Extended warranties are available from an excellent company supported by Lloyds of London and our main aim is to form an ongoing relationship with you for many years. We're also an agent for the NSW Roads and Maritime Services so transfer of registration etc can be done at our office. Please contact us for a very personal experience and as always a great deal on price.
