Description

Here we have a lovely new body shape 2009 Mercedes Benz C200 Kompressor Avantgarde sedan with a very sensible 95,000 klms since new and a great service history. It’s the very popular Travertine beige with cream leather interior and has all the features you could ask for. Blue tooth, wood grain highlights, alloy wheels, cruise control and dual zone climate control air conditioning. This is one of those lovely cars that feels so tight inside and there are no rattles coming from the interior what so ever. We’re very proud of these C-Classes that literally have been garaged every day and loved. When this car first came in it looked and smelt literally like a new one. A great colour combination and in superb condition. Please come in for a personal experience and a nice test drive. With September 2018 registration this is a superb buy being a 2009. Please take out the time to come in and look at this beautiful car in person.
