Mercedes-Benz C220 CDI

Description

What a superb looking W204 C220 CDi sedan from very late 2008 (MY09) this is in black with light brown leather interior and it's known as the Avantarde model with a VISION pack that also has a special wood grain interior, better alloy wheels, colour coded bumpers and a factory sun roof. It's such an honest car and has 54,000 klms since new with a Mercedes servicing history and was only recently traded in on a new Mercedes Benz. Being a vision pack you get Xenon lights, Harmon Kardon sound, sun roof, and these 2.1 litre turbo diesel sedans are such a sensible car and are not only so reliable, use very little fuel but are one of the safest small/medium sized cars to come out of Europe. With dual zone climate control air conditioning, parking sensors, blue tooth, cruise control with speed limiter and so much more. These cars should hold their value so well in our opinion and we do sell a lot of this newer update series wagons. This C220 CDi really does tick all the boxes and even has a very nice set of tyres too. We are very proud of cars in this sort of condition and look forward to showing you this car in person and taking you for a nice test drive one day soon. Registered in NSW until the end of December 2018 in NSW.
