Mercedes-Benz C220 CDI

Description

What a superb looking W204 C220 CDi Station Wagon from 2009 this is in black with black leather interior and it's known as the Elegance model that comes with alloy wheels, colour coded bumpers and a factory sun roof. It's such an honest car and has only travelled 87,000 klms since new with a Mercedes servicing history and is a genuine two-owner car from new. This has has bluetooth and has also been fitted with the very useful iPod cable to attach Apple products to listen to music. These 2.1 litre turbo diesel wagons are such a sensible car and are not only so reliable, use very little fuel but are one of the safest small/medium sized cars to come out of Europe. With dual zone climate control air conditioning, parking sensors, cruise control with speed limiter and so much more. These cars should hold their value so well in our opinion and we do sell a lot of this newer update series wagons. This C220 CDi really does tick all the boxes and even has a very nice set of tyres too. We are very proud of cars in this sort of condition and look forward to showing you this car in person and taking you for a nice test drive one day soon. Registered in NSW until the end of October 2018 in NSW.
