Mercedes-Benz C220 CDI W204 MY10

## Description

What a superb looking C220 CDi from 2010 this is in metallic black with black interior and it's known as the Avantgarde model. It's such an honest car and has 97,000 klms since new with a servicing history and was only recently traded in on a new Mercedes Benz. These turbo diesel sedans are such a sensible car and are not only so reliable, use very little fuel but are one of the safest small/medium sized cars to come out of Europe. With dual zone climate control air conditioning, parking sensors, sun roof, better alloy wheels, leather, blue tooth, cruise control with speed limiter and so much more. These cars should hold their value so well in our opinion and we do sell a lot of this newer update series sedans. This C220 CDi really does tick all the boxes and even has a very nice set of tyres too. We are very proud of cars in this sort of condition and look forward to showing you this car in person and taking you for a nice test drive one day soon.
