

Mercedes-Benz C250 CGI MY10

Description

In 2010 the Mercedes Benz C250 CGi Avantgarde sedan introduced a very special car loaded with amazing features and a whole new turbocharged petrol engine. We are proud to offer this series today in pale silver blue metallic with charcoal grey leather interior and with only 48,000 klms. It has Mercedes Benz servicing history and spare remote keys are present. It’s a particularly good car and the options are alloy wheels, pop up factory wide screen navigation, newer gauges, and overall it’s much nicer inside than a 2008 model. Under the hood there is a very powerful 4 cylinder turbo charged engine with all your torque available from 2000 rpm. With new bumpers, new head and tail lights, a nice grille and a whole lot of new safety features too; Mercedes Benz really did what they said they were going to do when they introduced a far better model. We are very fussy when we purchase 7 year old Mercs and are happy to say that this car not only ticks all of the boxes as far as colour, history and overall condition but the colour, driveability and general feel of this C-Class is impeccable. Please take out the time to come to have a test drive and it’s registered here in NSW for almost 12 months which is the sign of a great owner having only just traded the car in.
