

Mercedes-Benz C350 MY2006

Description

There are so many C-Classes on the market and this one has all the great things going for it with one owner and only 46,000 klms since new and every single service at Mercedes Benz. It’s a 2006 Update which was the last of the series, it’s a C350 which was the top of the range V6 with the newer 3.7 litre engine and has the very desirable 7-speed transmission which was seen in all the later model Mercs. Obsidian black with black leather interior, upgraded wheels and an unbelievable find indeed. Currently registered here in NSW until February 2019 this is a very tight, very impressive car to drive and to look at. The panels are not scratched, the lights are not faded and the interior as you would expect is way above average. A very well priced car we think and hope you agree.
