

Mercedes-Benz C63 W204

Description

What an incredible car these 2008 Mercedes Benz C63 AMG's are and in our opinion are starting to be extremely good value for money especially with only 62,000 klms since new and log books to match. It's the most popular colour combination which is Zircon Silver with medium grey leather interior and has an excellent feel about it compared to others on the market. The alloy wheels have not been badly gutter marked and our company is planning to do check everything on the AMG to make sure it has a clean bill of health. This is a car we think is going to hold it's value really well moving forwards and it has every single standard feature you could hope for such as wide screen pop-up Navigation, blue tooth, park assist, electric seats with extra side adjustments for the bolsters and so much more. This is under our dealer warranty and we very much look forward to meeting you in person and taking you for an exhilarating test drive one day soon.
